

# “Ethics are in doubt”

The incumbent team of Houser, Taylor, and Adorno are running for re-election and **WE MUST WATCH OUT** for their lies and deception!

It's so bad that the Asbury Park Press **WARNED** on 4/26/06 that, **“The three board members’ ethics are in doubt. Voters should closely watch their actions on the board and keep their last-minute tactics in mind when they’re up for re-election.”** The Asbury Park Press published this warning because the Houser Team distributed the below deceptive flyer on election day in 2006.

**\*\* BEWARE of their tricks! \*\***

## Infamous 2006 “P.T.A” Flyer from Houser, Taylor, and Sarno

They **forged** the school’s logo and “Get the Facts” letterhead to make the flyer appear like a genuine school communication.

Headline written to **deceive** stating that it’s a “Note” from “your P.T.A.”

Everything contained in the body of the flyer was a **lie**-- completely untrue statements conjured up to scare parents.

One year later (2007), Sarno resigns shortly after it was discovered that he **lied** about his college education.

In 2009, Houser and Taylor have replaced Sarno with Rafael Adorno. Just last year, **Adorno** was **“FOUND GUILTY** of trespassing on school property.” (APP 4/15/08)

**Get the Facts!**

A Note from the Desk of your P.T.A. committee

Dear Parents,

We wanted to clear up some facts that have come to our attention. We are shocked to have learned some disturbing news. It has come to our attention that the team of **Splendorio, Bilker and Giles** who are running for seats on the board of education, are discussing the following issues **that could have a severe impact on our children!**

- 1- Eliminating courtesy busing!
  - making over 400 children walk to school in the snow, rain and heat.
  - putting our children’s safety at risk!
- 2- Cutting summer programs!
  - slashing programs that help keep our kids above state testing averages.
  - may hinder our children’s growth.
- 3- Eliminating computers from elementary classes !
  - taking computers from kindergarten-6th grades to use in the high school.
  - impacting our children’s skills.

Other areas of impact they have discussed is our foreign language classes, spending hundreds of thousands of your tax dollars on a artificial field, and as noted in the asbury park press students being forced to share books.

**We understand the team of ...  
TAYLOR-3A HOUSER-4A SARNO-5A  
SAYS NO TO THESE IDEAS!!!!**

**Put Barnegat’s children first.**

\*parents taking action committee \*      Paid for by comm. For lower taxes-higher ed. L. Hidden trust.

By deceiving the public with this flyer, Robert Houser was able to **slip** into office by a slim margin of **only 31 votes**.
